Kinetic Systems, Inc. Appoints Peter M. Maris, President and Chief Executive Officer

DURHAM, NC – Kinetic Systems, Inc., a leading global provider of process and mechanical solutions to electronics, biopharmaceutical and general industry clients, announced today the appointment of Peter M. Maris as President and Chief Executive Officer, as well as to its Board of Directors. He will also continue to oversee the International Operations division.

Mr. Maris has been with Kinetics for more than 10 years, where he served as President of the International Operations division, and was instrumental in its turnaround and growth over the past five years. Throughout his career at kinetics, Mr. Maris has held leadership positions in the development, operations, sales and financial groups. Prior to joining the company, Mr. Maris worked in underwriting and banking at Wachovia Bank.

“I am very excited by the opportunity to lead the Kinetics team worldwide,” commented Mr. Maris. “I look forward to more closely integrating our international and domestic business units, which will enhance the Company’s ability to meet our clients’ expanding needs. The dedication, integrity, teamwork and patience that exists among the Kinetics’ team ensures our ability to continue to build a bright future.”

After four years of dedicated leadership and service to Kinetics, President and CEO Michael D’Appolonia has left the company.

About Kinetic Systems, Inc.

Kinetics is a global provider of process mechanical solutions to the electronics, biopharmaceutical and solar industries. Kinetics combines support equipment design and assembly, engineering, global installation capability and on-going service and support for complete process system installation around the world. The company has several offices located strategically in high-technology areas where semiconductor fabs, biopharmaceutical manufacturing facilities, and solar factories are built. Kinetics also provides services to the healthcare, hospitality, energy, government, commercial and higher education markets.
